Thanks Vicky.  
I've spoken to [Ex. 6 - Personal Privacy] also. Now that I understand dimock better not sure we can do but would like to their perspective.  
Mike

Mike, the letter looks fine to me. I had a few very minor corrections (attached--SDWA, not SWDA; add website for eyes on drilling; etc.). I'm available to meet with Trish and [Ex. 6 - Personal Privacy] anytime after June 20--I'm out of the office until then. My calendar is pretty much up to date (at least as of today).

I'm forwarding this correspondence, though, because it's from one of the Dimock residents (one very central to the whole episode), [Ex. 6 - Personal Privacy] She's attached some photos, and implies that the number of folks on company water is growing--although she probably means, generally, or across the State, and maybe not in the Dimock area specifically. Anyway, this is what I was thinking of when I spoke with you the other day. I'm not sure what your conversation on Dimock was, with [Ex. 6 - Personal Privacy] but it helps to have a visual, just so you can empathize, I think.--Vicky

FYI. By the way, I understand the note from **Ex. 6 - Personal Privacy** to say the number of households with contaminated water is increasing. (No data, but a photo is provided.)--Vicky
